ORDERS MISTRIAL IN BRISTOL CASE; SUIT FOR $10,000

Witness States She Made Statement to Insurance Man

WEEPS ON THE STAND

Witness Says She Was Cautioned But Forgot the Warning

DOYLESTOWN, Oct. 13—A mistrial was declared in a Bristol case at court yesterday when Florence Dapp Donnelly, 20, of Buckley street, Bristol, remarked on the witness stand that she gave a statement to an "insurance man."

The mistrial was declared by Judge Edward G. Biester who was sitting in the case of Florence Dapp Donnelly who is suing her brother-in-law, Jack McGinley, 31, of Croydon, for $10,000.

Asked by her attorney, a Philadelphia lawyer, who also was in the room, the plaintiff blurted out that an insurance man took the statement.

Judge Biester, who declared a mis-trial after Arthur M. Eastburn, attorney for the defendant, asked that a juror be withdrawn, said: "The responsibility of a mistrial is the fault of the plaintiff and she should pay the defendant's cost of the trial."

Mrs. Donnelly, who was moved to tears by her costly error, admitted that her counsel had cautioned and warned her about mentioning anything about insurance investigators in her testimony.

"I forgot," she said.

Jack McGinley, the defendant, according to the statement of claim, is being sued for $10,000 by his sister-in-law who was riding with him in his car October 12, 1947, on Bridgeton Hill rd., near Upper Black Eddy.

A car, driven by Edith Diehl, Upper Black Eddy matron, but which was owned by Virginia Weaver's husband, collided with the defendant's car. In the Weaver car were Mrs. Weaver and her three small children.

Emma Williams, Locust street, Bristol, a sister of the plaintiff, and a sister-in-law of the defendant, testified for the plaintiff's side.

In the defendant's car were the defendant, Jack McGinley, his wife, his mother-in-law and his sister-in-law, the plaintiff, all of whom were out for a Sunday afternoon drive to enjoy the scenery and autumn foliage.

Mrs. Diehl, whose car was going up the hill while the defendant's was descending, testified she never stopped after the accident, but kept right on going.

The plaintiff testified that her brother-in-law's car was out of gear when it was going down the hill and

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All in The Various Communities

GLEANED BY SCRIBES

A well attended meeting of the Bucks County Photographic Society, watched Werner Goodwin, of New Hope, demonstrate and explain all phases of making contact prints and enlargements. He used the negatives which had been exposed and developed at the September meeting. These negatives had been made with an ordinary box camera and the simplest lighting, but the finished prints showed fine detail and good quality.

An exhibit of salon photographs which had been received from the Photographic Society of America was examined. This consisted of thirty black and white prints and toned prints. All were of superb quality ,and some were the work of individuals who are famous in the field of salon photography.

Joseph Forsyth, of New Hope, president, pointed out that though fine equipment in the hands of a competent worker will produce better pictures than simple equipment, the demonstrations staged by the society have shown that excellent photographs can be made with simple equipment. The important factor is the ability of the photographer.

Arrangements were made for a field trip to photograph objects and places of historic interest in northern Bucks County.

With about 125 persons in attendance, an informal luncheon was served in Stockton for the Doylestown Nature Club.

Prior to the luncheon, Mrs. William Brandes was inducted as president to succeed Mrs. Ralph T.

CANNOT RULE ON DISMISSAL OF CHIEF

Civil Service Commission At Morrisville is Not Properly Organized

GIVES ITS DECISION

MORRISVILLE, Oct. 13—It was announced, last night, by the Civil Service Commission that it does not have jurisdiction to rule on the dismissal of Harry F. Christ as chief of police from the Morrisville police Department.

The announcement, issued by Councilman Charles C. Young, Sr., chairman of the commission, followed a meeting of the three-man board with Willard S. Curtin, borough solicitor, who advised the commissioners that the local commission was not properly organized according to Pennsylvania law.

Chief Christ was fired by Morrisville Council, Sept. 13th, on the charge that he violated civil service regulations by running for the Republican nomination for tax collector while under civil service jurisdiction.

Christ appealed the dismissal to the local civil service commission. John Leslie Kilcoyne, Bristol attorney, told the commission at a hearing on the appeal, Sept. 28th, that Christ was "merely exercising his right of suffrage." He also charged that the commission was unauthorized to hear the charges because it was improperly organized.

Industrial Club Hears Interesting Speaker

Tuesday evening the Bucks County Industrial Management Club held its first meeting of the year in St. James' parish house. The dinner prepared by the Ladies' Guild of St. James' parish church was enjoyed by about 80 of the club's members.

One of the purposes of the club is to promote personal growth and understanding through the sharing of opinions and experiences, and to keep its members in touch with the best thoughts on industrial management, human relations in industry and allied subjects.

Clarence E. Tobias, general agent of the Provident Mutual Life Insurance Company, was guest speaker of the evening. Mr. Tobias is also a teacher, lecturer, and general missionary of the Episcopal church.

The speaker discussed a subject related to the human values. He opened his talk with the question, "What are you worth?" In discussing this question, Mr. Tobias pointed out that a man's worth is not measured by physical or material standards but rather is measured in terms of the greatest achievement that he might attain. The speaker developed, through the use of psychology and philosophy, questions that were thought-provoking to the members of the club. He pointed out that he was not making a speech but rather an introduction and left the group with this challenge: "Would you be great — be the servant of all."

SMALL BUSINESS IS IMPORTANT, HE SAYS

Joseph J. Trainer Gives Talk Before Kiwanis Club Members

MEETING AT PENNDEL

PENNDEL, Oct. 13 — The Bucks County Lincoln Highway Kiwanis Club heard Joseph J. Trainer present an interesting talk on "Small Business and It's Problems" at the dinner meeting held on Tuesday evening at the Royal Gardens.

Mr. Trainer who is a member of the Exchange club in Newtown and active in civic affairs, was introduced to the group by William S. Erwin, chairman of the program committee. Mr. Trainer spoke in defense of small business and maintained that the thing that makes small business a success is the initiative the small business man possesses. Mr. Trainer is afraid that we are losing that initiative however, in favor of big business. "Too many of us are inclined to worship big corporations, because we feel there is a sense of security there. On the contrary, no one has the security of the small business man. Small business has flexibility, it can operate quicker, whereas in order to secure materials for big business, it must go through certain channels to receive approval, thus creating unnecessary delays.

"In small business, most families help in the business, thus making for stronger family trees and making work more pleasant. Small business is just as much the backbone of our country as is true of large businesses," concluded the speaker.

Honored guests present at the meeting included, Lt. Governor McDonald Benton and Lt. Governor elect Joe Malott.

John A. A. Crowley introduced Robert Plewes, postmaster of Penndel, as his guest. Edward Johnson led the community singing and John A. A. Crowley gave the invocation.

The meeting concluded with the usual strains of "The Star-Spangled Banner."

A SUMMARY OF THE NEWS

Fleet Admiral Halsey, retired, yesterday told the House committee investigating Navy charges against unification and high defense policies that he agreed "absolutely" with all statements made by previous witnesses. He opposed what he said was the "siege" warfare contemplated in the emphasis on strategic bombing, a criticism in which Fleet Admiral King, retired, and Admiral Kinkaid concurred.

The Navy has received its appropriate role in the nation's defense and 32.4 cents of the defense dollar. General Bradley, chairman of the Joint Chiefs of Staff, said. Adequate defense against "Red Atom Day," he declared, may "cut across preconceived notions" and "tread on many toes."

Senate conferees were instructed not to agree to House demands for a fifty-eight-group Air Force, but to hold out for a smaller number, as urged by President Truman. The President signed the bill raising the pay of all ranks in the armed services.

The House-approved bill liberalizing the admittance of displaced persons was reported out by a Senate committee and faces a fight on the floor. The Senate passed the Anderson long-range farm bill, including the sliding-scale price support opposed by President Truman. House conferees are expected to insist upon the wartime support of 90 per cent of parity.

Chairman Lilienthal and the Atomic Energy Commission were cleared of charges of "incredible mismanagement" by a party vote in a joint Congressional committee.

The United States plans, in the General Assembly, to counter the omnibus Soviet resolution for a Big Five non-aggression pact with one emphasizing full compliance with the United Nations Charter and decisions by the organization's agencies, and co-operation with all specialized agencies.

Incorporation of the New City of Jerusalem into the state of Israel will be opposed by the United States and Britain, spokesmen for both nations indicated. The United States voted with Russia and against Britain in calling for a Trusteeship Council inquiry into discrimination in African and Pacific trust areas. A special subcommittee, over Soviet objection, voted to recommend to the Assembly that Libya be granted full independence by January 1st, 1952.

Dissolution of Parliament is a necessary step before general election can be held in Britain. The Labor government must hold an election before July 26, 1950—five years from the date it took over.

150TH MILLIONTH AMERICAN

A baby born within the last day or two brought the population of the country up to the 150,000,000, mark according to some calculations that appear to be reasonably valid. Unfortunately or otherwise, it isn't possible to pick out the particular child who brought the nation up to that mark. But that doesn't affect the figure.

Here's the arithmetic of it, for those who are skeptical. On August 1 the Census Bureau estimated the nation's population at 149,452,000. That was 237,000 above the estimated total for July 1. A daily average net increase of 7,645 would add up to the 548,000 needed to reach the 150,000,000 figure in something under 72 days after August 1 — or October 11.

There you are, incidentally, among 150,000,000 other Americans — and how do you like it? Most persons will be surprised because they remember forecasts made by experts, back in the '30s, which have turned out to be all wrong. One said the country would reach its maximum population of 148,000,000 in 1970. Another said the maximum would be reached in 1948, and it would be 132,000,000.

Most persons did not expect to be part of a nation of 150,000,000 in this year of 1949, and it may be a little hard to get used to the fact. It's hard to realize, too, that it will not be long until there will be 175,000,000 Americans, unless the present rate of increase drops. All this is conducive to a feeling of being a little crowded and a little less significant personally.

But there is a feeling of reassurance, too. In an uncertain world it's pleasant to look at this populous land and to remember that there is safety in numbers.

CATCHING UP

Everything seems to be catching up with demand — including that festive bird, the Thanksgiving turkey. Farmers are producing more than 41,000,000 of them this year, second only to the largest crop on record — in 1945 whe nthere were 44,000,000 birds — and a third more than last year.

Supply is beginning to weigh down on the price. In mid-July farmers were receiving 34.7 cents a pound on the average and a month later the price had slid down to 33.8 cents, compared to 43.2 cents a year earlier.

At that the turkey grower probably will make a profit because of cheaper feeds. Grains are now so plentiful that turkey rations can be provided at considerably lower cost than immediately after the war, when many farmers quit turkeys because of high costs.

Those who like turkey with all the trimmings may be disappointed with one phase, however. The cranberry crop is down to 803,000 barrels from 967,000 barrels last year. But turkey with dressing and gravy should be enough for anybody.

COMMUNICATION

Editor Courier:

I have just finished reading from the Congressional Record of October 3 the splendid editorial which appeared in the Bristol Courier of October 1.

The editorial in the Courier is correct in stating that President Truman's broadcast to the women of the Nation is a very important political document because it brings into the open an issue which has been disputed and denied for four years.

It is interesting to compare some of President Truman's recent statements regarding his plans for a welfare state with many of the constructive statements made in the Report of the Special Committee Investigating the National Defense Program of which he was Chairman when he was in the Senate. I quote a few of the self-evident truths which appeared in the so-called Truman Committee Report:

"Experience has taught us that our country will flourish best when least hampered by Government control. Some policing, of course, is necessary. The frauds and business excesses of the late twenties established that. But it would be wrong to approach the subject from the viewpoint of attempting to impose on American industry and labor an over-all plan with complex rules and regulations."

"The committee believes that we should have confidence in the operation of the free democracy for which the war is being fought."

"At all times the emphasis should be on increasing production of consumer goods and eliminating Government restrictions."

"It is the job of Government to devise rules of the road, but not to tell the driver where he must travel."

Planned and managed economy (just another name for national socialism) now advocated by President Truman and many of the bureaucrats at Washington interested in establishing a welfare state runs head on with the Truman Committee formula for re-establishing and preserving the individual competitive enterprise system and our republican form of government.

As Senator, Mr. Truman and his Committee expressed some self-evident truths that our God-fearing, founding fathers used in laying the foundation stones of this great nation of ours—truths that are to be found in the Declaration of Independence and our Constitution with its Bill of Rights—truths that are contrary to the foreign ideologies that were expressed by President Truman as President in his radio talk to the women of the the United States on Democratic Women's Day when he accused those who denounce his fair deal policies as being "just about 150 years behind the times."

Sincerely yours,

L. E. FAULKNER

A&P

CUSTOMER'S CORNER

Who wants to put A & P out of business?

Not our customers. Many thousands of them are writing and phoning us and telling our clerks and managers that they want to continue to enjoy quality A & P foods at low A & P prices.

Not our suppliers. Farmers and manufacturers alike are telling us that they want to protect this efficient outlet for their products.

Not our 110,000 employes. They want to keep the high wages, good working conditions and security they enjoy with A & P.

Not labor. Union leaders are wiring us to ask what they can do to defeat this threat to labor's living standards.

All these people are telling us they don't want the anti-trust lawyers to put A & P out of business.

Noted Woman to Speak Saturday at Mass Meeting

Continued from Page One

At last year's Republican National Convention, Mrs. Payne was one of two women in the country appointed assistant secretary of the convention. She is a member of the Republican National Speakers' Bureau.

Within recent times she personally investigated the indoctrination of Communism and Socialism into the schools and churches in every state, and is considered an authority in that field. Her play, "Junior World Peace Conference," has been translated and presented in 13 foreign countries. She has received two awards from the national "Town Meeting" program. She writes a column widely printed in her home state entitled "Mrs. G. O. P. Says."

With such a distinguished record, Mrs. Payne may be expected to bring a message which no Republican can afford to miss.

The mass meeting Saturday will immediately follow the county committee's annual meeting.

Another principal speaker will be the Hon. Franklin H. Lichtenwalter, Congressman from the Bucks-Lehigh District. The Republican nominees for county offices will be introduced.

Record Crowd Attends Langhorne PTA Meeting

LANGHORNE, Oct. 13—The Langhorne-Middletown PTA opened its 1949-1950 season Tuesday night with a crowd so large it emphasized more eloquently than words the need for larger and more modern school facilities in the community. Automobiles overflowed the meager parking facilities and cluttered the high school lawn. The reason for the record attendance was undoubtedly the reputation the PTA made last year as an open forum for town and school problems. Cornwells Heights sent its own PTA officers to attend the meeting as observers.

The meeting was opened by vice-president, John Mladjen, in the absence of Walter Weir, president, who was on vacation. Mr. Mladjen presented a tape-recorded message from Mr. Weir outlining what the PTA hopes to accomplish during the present term and explaining that the study made by the Pennsylvania Economy League, which the PTA championed last year, would be made public within the next few weeks.

Mr. Mladjen also presented Dr. Oliver Heckman, principal, to the audience, who spoke on the importance of PTA activity and mentioned a number of subjects which he felt the PTA might profitably explore during the coming year. In addition, Miss Baxter introduced a new member of the faculty—Mrs. John Mladjen, who is conducting the kindergarten class in the Manor school.

In the absence of the treasurer, Mr. Mladjen estimated the amount of the monies carried over from last year to be in the neighborhood of $70. Mrs. A. E. Macon, chairwoman of the entertainment committee, announced that the committee planned to buy its own coffee urns and would probably have them in operation for the November meeting.

Mr. Barnhurst, of the Cornwells PTA, extended an invitation from that body to have some of the Langhorne-Middletown PTA officers attend one of their meetings which are held on the third Thursday of every month.

Mention was also made of the Youth Center in Newtown, which was dedicated the night of the PTA meeting and of the preparations being made locally to convert the community house into a similar center for youth activities.

Prizes of cookies were given the first ten people on their feet with questions or opinions concerning the topic of the evening — which was, "What projects should the PTA undertake and discuss this year?" Following the meeting, refreshments were served in the school basement—including cakes, coffee and ice cream. Some of the cakes left over were auctioned off by John Mladjen. The auction swelled the PTA treasury by $54.

Name slips handed to attendants on arrival were exchanged following the meeting, and everyone present was told that one of the slips brought to the next meeting would win a big, luscious Thanksgiving turkey donated by the Stradlings from their own turkey farm.

Mothers' Association Honors Past-Presidents

A birthday dinner honoring past presidents of the Mothers Association, Bristol public schools, was held Wednesday evening when 80 members of the Association assembled in the high school cafeteria and partook of a delicious menu consisting of tomato juice, turkey, filling, mashed potatoes, gravy, succotash, celery, cole slaw, rolls, butter, cranberry sauce, coffee and ice cream.

Mrs. Michael Hall was chairwoman of the dinner committee. Mrs. William Borchers served as mistress of ceremonies for the occasion, which marked the 26th anniversary of the association.

The tables were decorated with cut flowers. Programs at each place were in the form of a fan. Each past president received a red rosebud. The blessing was given by the president of the association, Mrs. Walter Cooper. Following the dinner Mrs. Borchers introduced the past presidents namely and in order of office: Second president, Mrs. James H. Brooks; fourth, Mrs. Herbert Hanson; fifth, Mrs. Alfred McLaughlin, who also served as secretary for nine years prior to her election for president; seventh, Mrs. David Neill; Mrs. Cooper introduced the eighth president, Mrs. Borchers; ninth, Mrs. Earl McEuen; tenth, Mrs. Russell Crosby; eleventh, Mrs. Jacob Townsend, who also served five years on the school board before moving to Penndel; twelfth, Mrs. W. H. Almond, who at present is serving on the school board; thirteenth, Mrs. Arthur Phipps. Mrs. Walter Cooper is now serving as fourteenth president. She also gave a few remarks. The first president, Mrs. Asa Fabian, was unable to attend due to illness. She also has served on the school board. Mention was made of the third president, Mrs. John Hardy, and the sixth president, Mrs. Harry Pope, who are both deceased. Mrs. Borchers concluded with the words:

"The nicest thing in the world today
Is cheering friends in the good old way;
That's why you're receiving this glad thank you,
A brief little message to let you know,
No matter how crowded or busy the day,
Best wishes are with you and more on the way."

After a short business session the members retired to the auditorium for entertainment which included vocal selections by Mrs. John VanSoest, accompanied at the piano by Mrs. R. L. Carlson; group singing, accompanied by Miss Hilda Pope; motion pictures shown by Lester Michael through the courtesy of Gene Nichols; concluding the evening with group singing.

Mrs. Cotay is as enthusiastic about Kyron as her daughter! She writes: "I am happy to report that my daughter, Dorothy, is looking and feeling so much better since she started taking Kyron. She acts like a new person and every word in her letter is absolutely true. I've seen the change with my own eyes."

To: THE KYRON COMPANY
Gentlemen:
I want you to know how thrilled I am with the way your Kyron plan helped me lose fat.
I'm 18 years old and weighed 212 pounds. I had to wear size 44 and could never dress like other girls. I was ashamed to go any place.
Then I took Kyron for 3 weeks and lost 21½ pounds. I felt peppier than ever before. When I went to my doctor, he said my health was improved and I should keep on taking Kyron.
In about 2½ months I was down to 125 pounds. Now I wear size 12 and am I happy. My skin looks so much nicer and I feel wonderful. Now I'm having dates and fun.
I feel like telling everybody who's fat and unhappy to take Kyron like I did so they can look slim and pretty.
Thank you so much for my wonderful results with Kyron.

Cannot Rule On Dismissal of Chief

Continued from Page One

The commission decided to reserve decision on the appeal.

The statement of the commission, also composed of Donald L. Ward and Raymond A. Dreisbach, follows:

"The Morrisville Civil Service Commission met on the night of Oct. 12 and it was a unanimous decision of the commission after receiving legal advice that the commission did not have jurisdiction regarding the dismissal of Chief of Police Harry F. Christ.

"The commission felt that it was not properly organized according to the laws of the State of Pennsylvania to handle this particular case and therefore no decision was rendered."

Patrolman John Davis, of 73 N. Pennsylvania avenue, was appointed acting chief of the police department at a meeting of Morrisville Council Tuesday night. Christ's dismissal becomes effective Saturday, with Davis assuming his new duties Sunday.

Davis, who is 41, has been a member of the force for five years and a Morrisville resident for 19 years. He is married and has four daughters and a son.

SPORT NOTES

Bud Pearson, guard for last season's Bristol High team, has made the freshman team at Bucknell University, Lewisburg. The freshman team has six games scheduled for this season.

St. Ann's is the only unbeaten, untied team in the Northeast Conference. The "Saints" play Willow Grove, Sunday, which is also unbeaten but has been tied. The Willow Grove team won over the Olney Vets last Sunday and will take first place if it beats the "Saints."

The other independent ball team of this section, the Langhorne Aces, will have its hands full with the Tacony Boys Club. Tacony beat the Ditman team last week, another upset. Johnny Mesics' boys will have to be "up" to stop the Tacony eleven.

Pfc. John A. Stephenson Arrives in Far East

WITH THE EIGHTH ARMY IN KOBE, Japan, Oct. 13 (Special)— Pfc. John A. Stephenson, RD No. 2, Bristol, Pa., has recently arrived in the Far East Command and has been assigned to Kobe Base, which supplies all American Occupation Forces in southern Honshu, located in Kobe, Honshu, Japan. Kobe, before the war, was classed as the fourth largest seaport in the world, outranked only by New York, London, and Hamburg. Although 53% destroyed by air raids, Kobe's great port facilities have been restored to their approximate prewar capacity and efficiency.

The city itself, about eight miles long and two miles wide, is set against the lush, green background of the towering Rokko Mountain range and faces the Inland Sea. Prior to the war, it was one of the heaviest industrial areas in Japan.

One of the many beauty spots of Kobe is the famed Rokko-San Golf Course, set high above the clouds, more than 3000 feet above sea level, affording an exotic panorama of Osaka, Kyoto, and many other municipalities.

At the present time the cosmopolitan city of Kobe boasts an international population of close to 85,000 people.

DRIVE TO RAISE $20,000 FUND STARTS SUNDAY

Colorful Parade To Be Held In Jersey City For Capracotta Fund

GET $1245 CHECK

The official start of the $20,000 fund raising campaign for Capracotta is scheduled for Sunday at two p. m., with a colorful parade through Jersey City's streets, but already donations have started rolling in. A check in the amount of $1245 was presented to Magistrate Edward Zampella at Jersey City by John Paglione of Trenton. Others present at the presentation were John Arbitell of Trenton, Vincenzo DiRenzo of Burlington and Nicholas Paglione of Bristol. The check represented donations of emigrants of Capracotta now residing in Bristol, Burlington, Florence, and Trenton.

The men, all natives of the Italian hamlet, told of the hardships endured during long winter months by the people of Capracotta. Mrs. Eda Paglione, wife of John Paglione, returned last year from a trip to the town and told of many people going without ministrations of the town's only priest and physician because of the 15-foot-high snow drifts prevailing six months of the year. In these times, Mrs. Paglione said, travel is at a standstill and citizens are virtually imprisoned. A snow plow, capable of combating heavy snows, is the principal need of the people, visitors said.

More than 50 girls will participate in the parade dressed in Italian peasant costumes. Delegations from Italian - American organizations throughout the state will participate with men attired in uniforms of Italian policemen and soldiers. The snow plow will be on display at Journal Square Plaza during the entire campaign. The climax will come Friday, December 16th, with an all-star show.

Mayor John V. Kenney and Commissioner Louis Messano are honorary chairmen for the campaign. It was Mayor Kenney who started the campaign after receiving a letter of hardship written to him by Mayor Genaro Carnevale, Mayor of Capracotta. The town, nestled in a mountain range, is eight miles from the nearest railroad and lost its only snow plow when the Nazis destroyed it in the closing days of World War II.

TWO PAROLES GIVEN BY JUDGE KELLER

Raymond Adams and Harry Strauss Are Both Released

SERVE MINIMUM TERM

DOYLESTOWN, Oct. 13 — Two paroles were granted in the Bucks county court yesterday by Judge Hiram H. Keller.

Raymond Adams, 217 East South street, Allentown, who took part in a hold-up of the Perkasie Owls' Club, and was sentenced to 6 to 23 months, was released in the custody of the Berks county court authorities who had lodged a detainer for him.

Adams' minimum sentence expired last Wednesday.

Harry Strauss, 23, of 746 North New street, Bethlehem, veteran of World War II, who took part in a robbery of a Springtown service station, was placed on parole on condition that he go to California and be under the supervision of the Penna. Board of Parole and the California Parole Authorities.

Strauss was committed to prison here September 10th, and his minimum sentence has expired. He will live in California with his brother and study under the GI Bill of Rights.

DEITZLER WINS SOFTBALL HONORS IN LOCAL LEAGUE

Claude "Tiny" Deitzler, of the Tullytown team, won the pitching championship of the recently-completed Bristol Suburban Softball League. Deitzler won 13 games during the season and lost two. "Chick" Stansky, Second Ward, finished second with eleven victories and three defeats.

"Eddie" Kornichuck, of Fire Company No. 1, participated in 22 games on the mound, winning nine and losing thirteen.

Other averages turned in included: Paul Paolillo, Fifth Ward, nine and 4; Vito Marseglia, Jefferson, 6 and 2; "Mike" Baskony, Tullytown, 6 and 3; "Reggie" Gerome, Franklin, 7 and 5; Henry Liberatore, Fifth Ward, and "Jim" Brescia, Franklin, 7 and 6.

SPORT NOTES

The annual banquet of the Bristol Suburban Baseball League will be held Wednesday Night, Oct. 19th, at Flannery's Restaurant, Langhorne. George Casé, former major leaguer, has notified President Paul Voltz that he will not be able to attend.

President Voltz is now making an effort to secure "Eddie" Miksis, Burlington youth, who played third base for the Brooklyn Dodgers, in the recent World Series. Miksis played in the Bristol League before he began his climb to fame.

The Langhorne-Bristol game will be played under the lights at Playwicky field, Langhorne, instead of being an afternoon game. The date —October 29th.

Pick up the newspaper any weekend and you will find two boys from this section, "Bill" Foltz and "Inky" Schneider, in the starting lineup for West Chester State Teachers' College. Foltz graduated from Bristol High and Schneider, Langhorne-Middleton High.

Council Rock, which comes to play Bristol this Friday night, is the most under-rated team in Lower Bucks. Coach "Sags" Sagolla has a line that averages between 190 and 200 pounds. Also note, the Indians have not been scored upon this season.

Was "Bill" Moll missed in the Bristol lineup against Conshohocken? Well, you figure it out—In three games he has played against Hatboro, Trenton Catholic, and Bridgeport, Moll carried the ball forty-three times and gained a total of 193 yards. These figures do not include the run-back of punts in which Moll specializes or the throwing of passes.

Of the 43 ball-carrying expeditions, Moll was stopped within a gain on six occasions and on three attempts was thrown for losses, amounting to but 14 yards.

ORDERS MISTRIAL IN BRISTOL CASE; SUIT FOR $10,000

Witness States She Made Statement to Insurance Man

WEEPS ON THE STAND

Witness Says She Was Cautioned But Forgot the Warning

DOYLESTOWN, Oct. 13—A mistrial was declared in a Bristol case at court yesterday when Florence Dapp Donnelly, 20, of Buckley street, Bristol, remarked on the witness stand that she gave a statement to an "insurance man."

The mistrial was declared by Judge Edward G. Biester who was sitting in the case of Florence Dapp Donnelly who is suing her brother-in-law, Jack McGinley, 31, of Croydon, for $10,000.

Asked by her attorney, a Philadelphia lawyer, who also was in the room, the plaintiff blurted out that an insurance man took the statement.

Judge Biester, who declared a mis-trial after Arthur M. Eastburn, attorney for the defendant, asked that a juror be withdrawn, said: "The responsibility of a mistrial is the fault of the plaintiff and she should pay the defendant's cost of the trial."

Mrs. Donnelly, who was moved to tears by her costly error, admitted that her counsel had cautioned and warned her about mentioning anything about insurance investigators in her testimony.

"I forgot," she said.

Jack McGinley, the defendant, according to the statement of claim, is being sued for $10,000 by his sister-in-law who was riding with him in his car October 12, 1947, on Bridgeton Hill rd., near Upper Black Eddy.

A car, driven by Edith Diehl, Upper Black Eddy matron, but which was owned by Virginia Weaver's husband, collided with the defendant's car. In the Weaver car were Mrs. Weaver and her three small children.

Emma Williams, Locust street, Bristol, a sister of the plaintiff, and a sister-in-law of the defendant, testified for the plaintiff's side.

In the defendant's car were the defendant, Jack McGinley, his wife, his mother-in-law and his sister-in-law, the plaintiff, all of whom were out for a Sunday afternoon drive to enjoy the scenery and autumn foliage.

Mrs. Diehl, whose car was going up the hill while the defendant's was descending, testified she never stopped after the accident, but kept right on going.

The plaintiff testified that her brother-in-law's car was out of gear when it was going down the hill and

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All in The Various Communities

GLEANED BY SCRIBES

A well attended meeting of the Bucks County Photographic Society, watched Werner Goodwin, of New Hope, demonstrate and explain all phases of making contact prints and enlargements. He used the negatives which had been exposed and developed at the September meeting. These negatives had been made with an ordinary box camera and the simplest lighting, but the finished prints showed fine detail and good quality.

An exhibit of salon photographs which had been received from the Photographic Society of America was examined. This consisted of thirty black and white prints and toned prints. All were of superb quality and some were the work of individuals who are famous in the field of salon photography.

Joseph Forsyth, of New Hope, president, pointed out that though fine equipment in the hands of a competent worker will produce better pictures than simple equipment, the demonstrations staged by the society have shown that excellent photographs can be made with simple equipment. The important factor is the ability of the photographer.

Arrangements were made for a field trip to photograph objects and places of historic interest in northern Bucks County.

With about 125 persons in attendance, an informal luncheon was served in Stockton for the Doylestown Nature Club.

Prior to the luncheon, Mrs. William Brandes was inducted as president to succeed Mrs. Ralph T.

CANNOT RULE ON DISMISSAL OF CHIEF

Civil Service Commission At Morrisville is Not Properly Organized

GIVES ITS DECISION

MORRISVILLE, Oct. 13—It was announced, last night, by the Civil Service Commission that it does not have jurisdiction to rule on the dismissal of Harry F. Christ as chief of police from the Morrisville police Department.

The announcement, issued by Councilman Charles C. Young, Sr., chairman of the commission, followed a meeting of the three-man board with Willard S. Curtin, borough solicitor, who advised the commissioners that the local commission was not properly organized according to Pennsylvania law.

Chief Christ was fired by Morrisville Council, Sept. 13th, on the charge that he violated civil service regulations by running for the Republican nomination for tax collector while under civil service jurisdiction.

Christ appealed the dismissal to the local civil service commission. John Leslie Kilcoyne, Bristol attorney, told the commission at a hearing on the appeal, Sept. 28th, that Christ was "merely exercising his right of suffrage." He also charged that the commission was unauthorized to hear the charges because it was improperly organized.

Industrial Club Hears Interesting Speaker

Tuesday evening the Bucks County Industrial Management Club held its first meeting of the year in St. James' parish house. The dinner prepared by the Ladies' Guild of St. James' parish church was enjoyed by about 80 of the club's members.

One of the purposes of the club is to promote personal growth and understanding through the sharing of opinions and experiences, and to keep its members in touch with the best thoughts on industrial management, human relations in industry and allied subjects.

Clarence E. Tobias, general agent of the Provident Mutual Life Insurance Company, was guest speaker of the evening. Mr. Tobias is also a teacher, lecturer, and general missionary of the Episcopal church.

The speaker discussed a subject related to the human values. He opened his talk with the question, "What are you worth?" In discussing this question, Mr. Tobias pointed out that a man's worth is not measured by physical or material standards but rather is measured in terms of the greatest achievement that he might attain. The speaker developed, through the use of psychology and philosophy, questions that were thought-provoking to the members of the club. He pointed out that he was not making a speech but rather an introduction and left the group with this challenge: "Would you be great — be the servant of all."

SMALL BUSINESS IS IMPORTANT, HE SAYS

Joseph J. Trainer Gives Talk Before Kiwanis Club Members

MEETING AT PENNDEL

PENNDEL, Oct. 13 — The Bucks County Lincoln Highway Kiwanis Club heard Joseph J. Trainer present an interesting talk on "Small Business and It's Problems" at the dinner meeting held on Tuesday evening at the Royal Gardens.

Mr. Trainer who is a member of the Exchange club in Newtown and active in civic affairs, was introduced to the group by William S. Erwin, chairman of the program committee. Mr. Trainer spoke in defense of small business and maintained that the thing that makes small business a success is the initiative the small business man possesses. Mr. Trainer is afraid that we are losing that initiative however, in favor of big business. "Too many of us are inclined to worship big corporations, because we feel there is a sense of security there. On the contrary, no one has the security of the small business man. Small business has flexibility, it can operate quicker, whereas in order to secure materials for big business, it must go through certain channels to receive approval, thus creating unnecessary delays.

"In small business, most families help in the business, thus making for stronger family trees and making work more pleasant. Small business is just as much the backbone of our country as is true of large businesses," concluded the speaker.

Honored guests present at the meeting included, Lt. Governor McDonald Benton and Lt. Governor elect Joe Malott.

John A. A. Crowley introduced Robert Plewes, postmaster of Penndel, as his guest. Edward Johnson led the community singing and John A. A. Crowley gave the invocation.

The meeting concluded with the usual strains of "The Star-Spangled Banner."

A SUMMARY OF THE NEWS

Fleet Admiral Halsey, retired, yesterday told the House committee investigating Navy charges against unification and high defense policies that he agreed "absolutely" with all statements made by previous witnesses. He opposed what he said was the "siege" warfare contemplated in the emphasis on strategic bombing, a criticism in which Fleet Admiral King, retired, and Admiral Kinkaid concurred.

The Navy has received its appropriate role in the nation's defense and 32.4 cents of the defense dollar, General Bradley, chairman of the Joint Chiefs of Staff, said. Adequate defense against "Red Atom Day," he declared, may "cut across preconceived notions" and "tread on many toes."

Senate conferees were instructed not to agree to House demands for a fifty-eight-group Air Force, but to hold out for a smaller number, as urged by President Truman. The President signed the bill raising the pay of all ranks in the armed services.

The House-approved bill liberalizing the admittance of displaced persons was reported out by a Senate committee and faces a fight on the floor. The Senate passed the Anderson long-range farm bill, including the sliding-scale price support opposed by President Truman. House conferees are expected to insist upon the wartime support of 90 per cent of parity.

Chairman Lilienthal and the Atomic Energy Commission were cleared of charges of "incredible mismanagement" by a party vote in a joint Congressional committee.

The United States plans, in the General Assembly, to counter the omnibus Soviet resolution for a Big Five non-aggression pact with one emphasizing full compliance with the United Nations Charter and decisions by the organization's agencies, and co-operation with all specialized agencies.

Incorporation of the New City of Jerusalem into the state of Israel will be opposed by the United States and Britain, spokesmen for both nations indicated. The United States voted with Russia and against Britain in calling for a Trusteeship Council inquiry into discrimination in African and Pacific trust areas. A special subcommittee, over Soviet objection, voted to recommend to the Assembly that Libya be granted full independence by January 1st, 1952.

Labor Government Against Election This Year

London—British Prime Minister Clement Attlee announced today that his Labor government has decided against holding general elections this year.

A statement issued by Attlee said—

"Having regards to the disturbing effects on trade and industry and on the national effort by the continuance of speculation as to an early general election, the Premier thinks it right to inform the country of his decision to not advise His Majesty to dissolve Parliament this year."

Dissolution of Parliament is a necessary step before general election can be held in Britain. The Labor government must hold an election before July 26, 1950—five years from the date it took over.

150TH MILLIONTH AMERICAN

A baby born within the last day or two brought the population of the country up to the 150,000,000, mark according to some calculations that appear to be reasonably valid. Unfortunately or otherwise, it isn't possible to pick out the particular child who brought the nation up to that mark. But that doesn't affect the figure.

Here's the arithmetic of it, for those who are skeptical. On August 1 the Census Bureau estimated the nation's population at 149,452,000. That was 237,000 above the estimated total for July 1. A daily average net increase of 7,645 would add up to the 548,000 needed to reach the 150,000,000 figure in something under 72 days after August 1 — or October 11.

There you are, incidentally, among 150,000,000 other Americans — and how do you like it? Most persons will be surprised because they remember forecasts made by experts, back in the '30s, which have turned out to be all wrong. One said the country would reach its maximum population of 148,000,000 in 1970. Another said the maximum would be reached in 1948, and it would be 132,000,000.

Most persons did not expect to be part of a nation of 150,000,000 in this year of 1949, and it may be a little hard to get used to the fact. It's hard to realize, too, that it will not be long until there will be 175,000,000 Americans, unless the present rate of increase drops. All this is conducive to a feeling of being a little crowded and a little less significant personally.

But there is a feeling of reassurance, too. In an uncertain world it's pleasant to look at this populous land and to remember that there is safety in numbers.

CATCHING UP

Everything seems to be catching up with demand — including that festive bird, the Thanksgiving turkey. Farmers are producing more than 41,000,000 of them this year, second only to the largest crop on record — in 1945 whe nthere were 44,000,000 birds — and a third more than last year.

Supply is beginning to weigh down on the price. In mid-July farmers were receiving 34.7 cents a pound on the average and a month later the price had slid down to 33.8 cents, compared to 43.2 cents a year earlier.

At that the turkey grower probably will make a profit because of cheaper feeds. Grains are now so plentiful that turkey rations can be provided at considerably lower cost than immediately after the war, when many farmers quit turkeys because of high costs.

Those who like turkey with all the trimmings may be disappointed with one phase, however. The cranberry crop is down to 803,000 barrels from 967,000 barrels last year. But turkey with dressing and gravy should be enough for anybody.

COMMUNICATION

Editor Courier:

I have just finished reading from the Congressional Record of October 3 the splendid editorial which appeared in the Bristol Courier of October 1.

The editorial in the Courier is correct in stating that President Truman's broadcast to the women of the Nation is a very important political document because it brings into the open an issue which has been disputed and denied for four years.

It is interesting to compare some of President Truman's recent statements regarding his plans for a welfare state with many of the constructive statements made in the Report of the Special Committee Investigating the National Defense Program of which he was Chairman when he was in the Senate. I quote a few of the self-evident truths which appeared in the so-called Truman Committee Report:

"Experience has taught us that our country will flourish best when least hampered by Government control. Some policing, of course, is necessary. The frauds and business excesses of the late twenties established that. But it would be wrong to approach the subject from the viewpoint of attempting to impose on American industry and labor an over-all plan with complex rules and regulations."

"The committee believes that we should have confidence in the operation of the free democracy for which the war is being fought."

"At all times the emphasis should be on increasing production of consumer goods and eliminating Government restrictions."

"It is the job of Government to devise rules of the road, but not to tell the driver where he must travel."

Planned and managed economy (just another name for national socialism) now advocated by President Truman and many of the bureaucrats at Washington interested in establishing a welfare state runs head on with the Truman Committee formula for re-establishing and preserving the individual competitive enterprise system and our republican form of government.

As Senator, Mr. Truman and his Committee expressed some self-evident truths that our God-fearing, founding fathers used in laying the foundation stones of this great nation of ours—truths that are to be found in the Declaration of Independence and our Constitution with its Bill of Rights—truths that are contrary to the foreign ideologies that were expressed by President Truman as President in his radio talk to the women of the the United States on Democratic Women's Day when he accused those who denounce his fair deal policies as being "just about 150 years behind the times."

Sincerely yours,

L. E. FAULKNER

CUSTOMER'S CORNER

Who wants to put A & P out of business?

Not our customers. Many thousands of them are writing and phoning us and telling our clerks and managers that they want to continue to enjoy quality A & P foods at low A & P prices.

Not our suppliers. Farmers and manufacturers alike are telling us that they want to protect this efficient outlet for their products.

Not our 110,000 employes. They want to keep the high wages, good working conditions and security they enjoy with A & P.

Not labor. Union leaders are wiring us to ask what they can do to defeat this threat to labor's living standards.

All these people are telling us they don't want the anti-trust lawyers to put A & P out of business.

Noted Woman to Speak Saturday at Mass Meeting

Continued from Page One

At last year's Republican National Convention, Mrs. Payne was one of two women in the country appointed assistant secretary of the convention. She is a member of the Republican National Speakers' Bureau.

Within recent times she personally investigated the indoctrination of Communism and Socialism into the schools and churches in every state, and is considered an authority in that field. Her play, "Junior World Peace Conference," has been translated and presented in 13 foreign countries. She has received two awards from the national "Town Meeting" program. She writes a column widely printed in her home state entitled "Mrs. G. O. P. Says."

With such a distinguished record, Mrs. Payne may be expected to bring a message which no Republican can afford to miss.

The mass meeting Saturday will immediately follow the county committee's annual meeting.

Another principal speaker will be the Hon. Franklin H. Lichtenwalter, Congressman from the Bucks-Lehigh District. The Republican nominees for county offices will be introduced.

Record Crowd Attends Langhorne PTA Meeting

LANGHORNE, Oct. 13—The Langhorne-Middletown PTA opened its 1949-1950 season Tuesday night with a crowd so large it emphasized more eloquently than words the need for larger and more modern school facilities in the community. Automobiles overflowed the meager parking facilities and cluttered the high school lawn. The reason for the record attendance was undoubtedly the reputation the PTA made last year as an open forum for town and school problems. Cornwells Heights sent its own PTA officers to attend the meeting as observers.

The meeting was opened by vice-president, John Mladjen, in the absence of Walter Weir, president, who was on vacation. Mr. Mladjen presented a tape-recorded message from Mr. Weir outlining what the PTA hopes to accomplish during the present term and explaining that the study made by the Pennsylvania Economy League, which the PTA championed last year, would be made public within the next few weeks.

Mr. Mladjen also presented Dr. Oliver Heckman, principal, to the audience, who spoke on the importance of PTA activity and mentioned a number of subjects which he felt the PTA might profitably explore during the coming year. In addition, Miss Baxter introduced a new member of the faculty—Mrs. John Mladjen, who is conducting the kindergarten class in the Manor school.

In the absence of the treasurer, Mr. Mladjen estimated the amount of the monies carried over from last year to be in the neighborhood of $70. Mrs. A. E. Macon, chairwoman of the entertainment committee, announced that the committee planned to buy its own coffee urns and would probably have them in operation for the November meeting.

Mr. Barnhurst, of the Cornwells PTA, extended an invitation from that body to have some of the Langhorne-Middletown PTA officers attend one of their meetings which are held on the third Thursday of every month.

Mention was also made of the Youth Center in Newtown, which was dedicated the night of the PTA meeting and of the preparations being made locally to convert the community house into a similar center for youth activities.

Prizes of cookies were given the first ten people on their feet with questions or opinions concerning the topic of the evening — which was, "What projects should the PTA undertake and discuss this year?" Following the meeting, refreshments were served in the school basement—including cakes, coffee and ice cream. Some of the cakes left over were auctioned off by John Mladjen. The auction swelled the PTA treasury by $54.

Name slips handed to attendants on arrival were exchanged following the meeting, and everyone present was told that one of the slips brought to the next meeting would win a big, luscious Thanksgiving turkey donated by the Stradlings from their own turkey farm.

Mothers' Association Honors Past-Presidents

A birthday dinner honoring past presidents of the Mothers Association, Bristol public schools, was held Wednesday evening when 80 members of the Association assembled in the high school cafeteria and partook of a delicious menu consisting of tomato juice, turkey, filling, mashed potatoes, gravy, succotash, celery, cole slaw, rolls, butter, cranberry sauce, coffee and ice cream.

Mrs. Michael Hall was chairwoman of the dinner committee. Mrs. William Borchers served as mistress of ceremonies for the occasion, which marked the 26th anniversary of the association.

The tables were decorated with cut flowers. Programs at each place were in the form of a fan. Each past president received a red rosebud. The blessing was given by the president of the association, Mrs. Walter Cooper. Following the dinner Mrs. Borchers introduced the past presidents namely and in order of office: Second president, Mrs. James H. Brooks; fourth, Mrs. Herbert Hanson; fifth, Mrs. Alfred McLaughlin, who also served as secretary for nine years prior to her election for president; seventh, Mrs. David Neill; Mrs. Cooper introduced the eighth president, Mrs Borchers; ninth, Mrs. Earl McEuen; tenth, Mrs. Russell Crosby; eleventh, Mrs. Jacob Townsend, who also served five years on the school board before moving to Penndel; twelfth, Mrs. W. H. Almond, who at present is serving on the school board; thirteenth, Mrs. Arthur Phipps. Mrs. Walter Cooper is now serving as fourteenth president. She also gave a few remarks. The first president, Mrs. Asa Fabian, was unable to attend due to illness. She also has served on the school board. Mention was made of the third president, Mrs. John Hardy, and the sixth president, Mrs. Harry Pope, who are both deceased. Mrs. Borchers concluded with the words:

"The nicest thing in the world today
Is cheering friends in the good old way;
That's why you're receiving this glad thank you,
A brief little message to let you know,
No matter how crowded or busy the day,
Best wishes are with you and more on the way."

After a short business session the members retired to the auditorium for entertainment which included vocal selections by Mrs. John VanSoest, accompanied at the piano by Mrs. R. L. Carlson; group singing, accompanied by Miss Hilda Pope; motion pictures shown by Lester Michael through the courtesy of Gene Nichols; concluding the evening with group singing.

She acts like a new person and every word in her letter is absolutely true. I've seen the change with my own eyes."

To: THE KYRON COMPANY
Gentlemen:
I want you to know how thrilled I am with the way your Kyron plan helped me lose fat.
I'm 18 years old and weighed 212 pounds. I had to wear size 44 and could never dress like other girls. I was ashamed to go any place.
Then I took Kyron for 3 weeks and lost 21½ pounds. I felt peppier than ever before. When I went to my doctor, he said my health was improved and I should keep on taking Kyron.
In about 2½ months I was down to 125 pounds. Now I wear size 12 and am happy. My skin looks so much nicer and I feel wonderful. Now I'm having dates and fun.
I feel like telling everybody who's fat and unhappy to take Kyron like I did so they can look slim and pretty.
Thank you so much for my wonderful results with Kyron.

Cannot Rule On Dismissal of Chief

Continued from Page One

The commission decided to reserve decision on the appeal.

The statement of the commission, also composed of Donald L. Ward and Raymond A. Dreisbach, follows:

"The Morrisville Civil Service Commission met on the night of Oct. 12 and it was a unanimous decision of the commission after receiving legal advice that the commission did not have jurisdiction regarding the dismissal of Chief of Police Harry F. Christ.

"The commission felt that it was not properly organized according to the laws of the State of Pennsylvania to handle this particular case and therefore no decision was rendered."

Patrolman John Davis, of 73 N. Pennsylvania avenue, was appointed acting chief of the police department at a meeting of Morrisville Council Tuesday night. Christ's dismissal becomes effective Saturday, with Davis assuming his new duties Sunday.

Davis, who is 41, has been a member of the force for five years and a Morrisville resident for 19 years. He is married and has four daughters and a son.

SPORT NOTES

Bud Pearson, guard for last season's Bristol High team, has made the freshman team at Bucknell University, Lewisburg. The freshman team has six games scheduled for this season.

St. Ann's is the only unbeaten, untied team in the Northeast Conference. The "Saints" play Willow Grove, Sunday, which is also unbeaten but has been tied. The Willow Grove team won over the Olney Vets last Sunday and will take first place if it beats the "Saints."

The other independent ball team of this section, the Langhorne Aces, will have its hands full with the Tacony Boys Club. Tacony beat the Ditman team last week, another upset. Johnny Mesics' boys will have to be "up" to stop the Tacony eleven.

Pfc. John A. Stephenson Arrives in Far East

WITH THE EIGHTH ARMY IN KOBE, Japan, Oct. 13 (Special)— Pfc. John A. Stephenson, RD No. 2, Bristol, Pa., has recently arrived in the Far East Command and has been assigned to Kobe Base, which supplies all American Occupation Forces in southern Honshu, located in Kobe, Honshu, Japan. Kobe, before the war, was classed as the fourth largest seaport in the world, outranked only by New York, London, and Hamburg. Although 53% destroyed by air raids, Kobe's great port facilities have been restored to their approximate pre-war capacity and efficiency.

The city itself, about eight miles long and two miles wide, is set against the lush, green background of the towering Rokko Mountain range and faces the Inland Sea. Prior to the war, it was one of the heaviest industrial areas in Japan.

One of the many beauty spots of Kobe is the famed Rokko-San Golf Course, set high above the clouds, more than 3000 feet above sea level, affording an exotic panorama of Osaka, Kyoto, and many other municipalities.

At the present time the cosmopolitan city of Kobe boasts an international population of close to 85,000 people.

DRIVE TO RAISE $20,000 FUND STARTS SUNDAY

Colorful Parade To Be Held In Jersey City For Capracotta Fund

GET $1245 CHECK

The official start of the $20,000 fund raising campaign for Capracotta is scheduled for Sunday at two p. m., with a colorful parade through Jersey City's streets, but already donations have started rolling in. A check in the amount of $1245 was presented to Magistrate Edward Zampella at Jersey City by John Paglione of Trenton. Others present at the presentation were John Arbitell of Trenton, Vincenzo DiRenzo of Burlington and Nicholas Paglione of Bristol. The check represented donations of emigrants of Capracotta now residing in Bristol, Burlington, Florence, and Trenton.

The men, all natives of the Italian hamlet, told of the hardships endured during long winter months by the people of Capracotta. Mrs. Eda Paglione, wife of John Paglione, returned last year from a trip to the town and told of many people going without ministrations of the town's only priest and physician because of the 15-foot-high snow drifts prevailing six months of the year. In these times, Mrs. Paglione said, travel is at a standstill and citizens are virtually imprisoned. A snow plow, capable of combating heavy snows, is the principal need of the people, visitors said.

More than 50 girls will participate in the parade dressed in Italian peasant costumes. Delegations from Italian - American organizations throughout the state will participate with men attired in uniforms of Italian policemen and soldiers. The snow plow will be on display at Journal Square Plaza during the entire campaign. The climax will come Friday, December 16th, with an all-star show.

Mayor John V. Kenney and Commissioner Louis Messano are honorary chairmen for the campaign. It was Mayor Kenney who started the campaign after receiving a letter of hardship written to him by Mayor Genaro Carnevale, Mayor of Capracotta. The town, nestled in a mountain range, is eight miles from the nearest railroad and lost its only snow plow when the Nazis destroyed it in the closing days of World War II.

Raymond Adams, 217 East South street, Allentown, who took part in a hold-up of the Perkasie Owls' Club, and was sentenced to 6 to 23 months, was released in the custody of the Berks county court authorities who had lodged a detainer for him.

Strauss was committed to prison here September 10th, and his minimum sentence has expired. He will live in California with his brother and study under the GI Bill of Rights.

DEITZLER WINS SOFTBALL HONORS IN LOCAL LEAGUE

Claude "Tiny" Deitzler, of the Tullytown team, won the pitching championship of the recently-completed Bristol Suburban Softball League. Deitzler won 13 games during the season and lost two. "Chick" Stansky, Second Ward, finished second with eleven victories and three defeats.

"Eddie" Kornichuck, of Fire Company No. 1, participated in 22 games on the mound, winning nine and losing thirteen.

Other averages turned in included: Paul Paolillo, Fifth Ward, nine and 4; Vito Marseglia, Jefferson, 6 and 2; "Mike" Baskony, Tullytown, 6 and 3; "Reggie" Gerome, Franklin, 7 and 5; Henry Liberatore, Fifth Ward, and "Jim" Brescia, Franklin, 7 and 6.

SPORT NOTES

The annual banquet of the Bristol Suburban Baseball League will be held Wednesday Night, Oct. 19th, at Flannery's Restaurant, Langhorne. George Casé, former major leaguer, has notified President Paul Voltz that he will not be able to attend.

President Voltz is now making an effort to secure "Eddie" Miksis, Burlington youth, who played third base for the Brooklyn Dodgers, in the recent World Series. Miksis played in the Bristol League before he began his climb to fame.

The Langhorne-Bristol game will be played under the lights at Playwicky field, Langhorne, instead of being an afternoon game. The date —October 29th.

Pick up the newspaper any weekend and you will find two boys from this section, "Bill" Foltz and "Inky" Schneider, in the starting lineup for West Chester State Teachers' College. Foltz graduated from Bristol High and Schneider, Langhorne-Middleton High.

Council Rock, which comes to play Bristol this Friday night, is the most under-rated team in Lower Bucks. Coach "Sags" Sagolla has a line that averages between 190 and 200 pounds. Also note, the Indians have not been scored upon this season.

Was "Bill" Moll missed in the Bristol lineup against Conshohocken? Well, you figure it out—In three games he has played against Hatboro, Trenton Catholic, and Bridgeport, Moll carried the ball forty-three times and gained a total of 193 yards. These figures do not include the run-back of punts in which Moll specializes or the throwing of passes.

Of the 43 ball-carrying expeditions, Moll was stopped within a gain on six occasions and on three attempts was thrown for losses, amounting to but 14 yards.
